The Intelligence Update

Your monthly digest on the progress of Gen AI

Firefly prompt: A sheep wearing sunglasses, carrying a handbag and umbrella, chilling by the beach with a glass of juice on the side.

Hi all,

We are delighted to bring you the third edition of 'The intelligence update' - our monthly newsletter designed to keep you updated with all that is Gen AI.

The newsletter contains the following sections:

Industry updates	Gen AI in Pursuits	Upcoming events

INDUSTRY UPDATES

Microsoft has developed an AI voice generator so realistic that it's deemed too dangerous to release

Microsoft's researchers assert that their VALL-E 2 text-to-speech (TTS) generator is so advanced that releasing it publicly would be irresponsible and potentially dangerous.
Click here to know more.

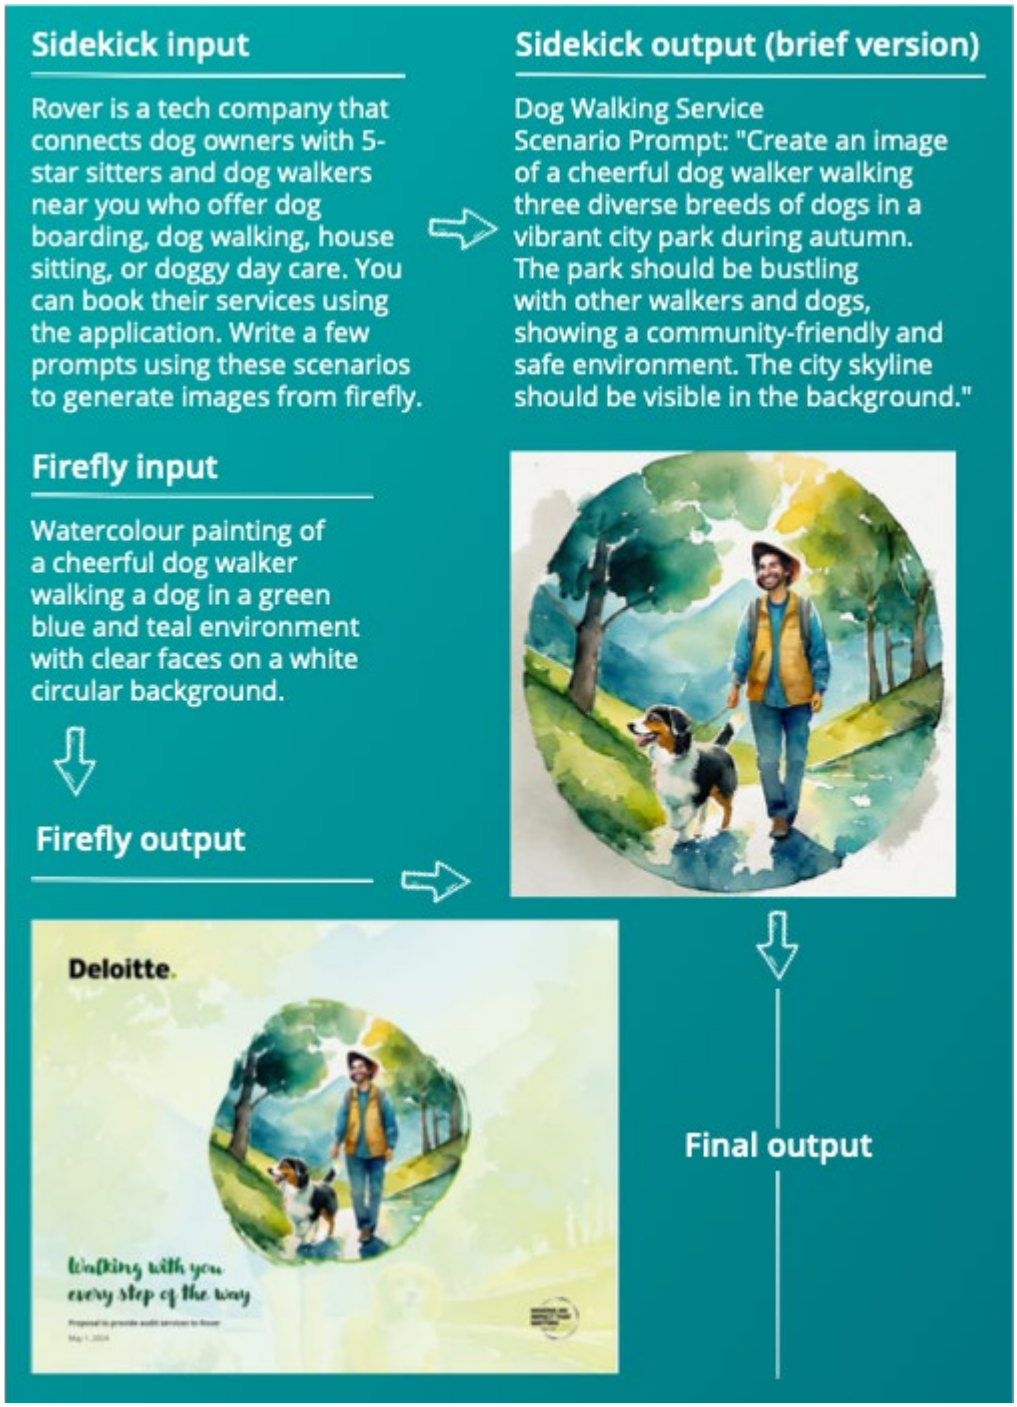

GEN AI IN PURSUITS

How Tripti leveraged Sidekick and Adobe firefly in Project Rover

"During the Rover pursuit, I aimed to emotionally engage the client team. I used Sidekick and Firefly to create diverse visual scenarios of dog owners with sitters in styles like 3D and watercolor. The watercolor images, enhanced in Photoshop with separated layers and filters, effectively conveyed our story. The AI tools helped produce quality visuals efficiently.

Below is an example of prompt generated:

More from Pursuits – stories on Gen AI Wins

Weaving together, achieving together: Johns Hopkins pursuit shines with embroidery concept
