GEN AI IN PURSUITS

Leveraging Adobe Firefly for a quick turnaround pursuit: Pratyasha Samantaray

When the Costco proposal landed on my desk with a tight 1.5-day deadline, I knew I had to act quickly and think efficiently. With very many things that represent Costco, the engagement team and I decided to center the theme around 'Produce,' capturing a vibrant and fresh approach. We also wanted to infuse the design with a sense of homeliness, comfort, and warmth to make it truly inviting. With not much time to spare, I turned to the text-to-image feature to generate images that highlighted the natural beauty of the produce. I played around with lighting, shadows, and depth to bring out the warmth and vibrancy we were aiming for. To add a personal touch, I included doodles elements which helped create a homely and welcoming composition.

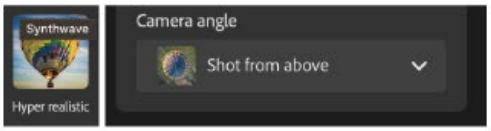

STYLE REFERENCE

I envisioned a specific composition that required providing Firefly with a close reference to capture the right angle, lighting, and overall mood.

ADDITIONAL SETTING

After crafting a suitable prompt and incorporating a style reference, I adjusted the settings, exploring various options to achieve the desired output. This needed some trial and error to find the most appropriate result.

PROMPT

Create an image of the interior of a rustic brown cardboard box brimming with fresh produce and groceries. The box is filled with vibrant yellow lemons, crisp green celery stalks, lush bushy broccoli, and a classic white milk carton. The scene is bathed in warm, gentle lighting that enhances the depth and vibrancy of the colors, giving a lively and inviting feel. Emphasize the textural details of the fruits and vegetables, as well as the play of light and shadows within the box to create a visual experience.

RESULTS

PROCESS & COMPOSITION

Submit your Gen AI stories, use cases, prompts, and G-Marks on the GenAI Wins website and stand a chance to win something cool!

UPCOMING EVENTS

Adobe's GenAI in Action: Unlocking the Future of Document Management and Content Creation
February 12 | 2pm IST
