Deloitte.

USI PURSUITS COE TIME REPORTING

FY25

Guidance on logging time

Charge time on actuals: The core principle is that you should book time for the task performed on that particular day.

For example,

- If you've worked on projects for 11 hours on Tuesday and 5.5 hours on Wednesday, you should not log in 8 hours for both days, but on actuals.
- If you've worked for 7 hours on say a life sciences client and attended internal team meetings for 1 hour, it's incorrect to charge 8 hours to the sector code.
- If you've worked on projects on the weekends (Saturday/Sunday), you should charge the actual project hours on DTE and Horizon Bolt. Similarly, if you have worked for 60 hours in a week, it should reflect accordingly.

The best practice is to either record time in your own Excel sheet daily and fill DTE/Horizon Bolt on Friday morning or just update in the system daily. Most importantly: **DO NOT rely on memory to fill time on Friday**.

Project Utilization: Keep your coaches updated on your bandwidth availability and see that utilization criteria are met as per the FY25 Bare Minimums document for CMG & BGS. **Only project hours are considered for utilization (not PRD, GAA, CED, ORT, or other codes).**

Comp-off: Before planning to work on a USI Holiday, please discuss with your Coach/TL and get approval on emaIL. If you have to work on a USI holiday, you are eligible for a comp-off. Charge the applicable x hours to the billable project code, and the remaining 8-x hours to the 'holiday' code on DTE. Professionals that have worked for <4 hours are eligible for a 0.5 day PTO, and those with >4 hours get 1 day PTO. Update Horizon Bolt accordingly. Please note—this has to be availed within 3 months of getting an email from the leave management team. For a detailed understanding of the Comp-off policy, please refer to this link.

Overtime: Overtime is provided only to CL3s, and if they have to work >48 hours in a week (for the incremental hours). Whenever the total hours (including non-project hours) for the week are >48 hours, they should send a detailed snapshot of DTE and Horizon Bolt to their Coach for processing further on Horizon Bolt.

Advanced time booking: Time booking beyond the current day is restricted except for 'Absence' time (e.g., PTO, HOL). For more details, refer to the FAQs section under 'Projects' and 'Holidays'.

Override to this guidance: For specific events, meetings, trainings, Impact Day, etc. CAIR team or Talent provides guidance on the DTE charge code to be used. Such instances override the broader guidance in this document.

Mapping the effort for various scenarios

Use the respective classification of codes for DTE and Horizon Bolt as provided below (for most situations), and ensure that the effort hours are allocated correctly every week. It's imperative that the same approach (project vs. initiative vs. admin, etc.) is used consistently for DTE and Horizon Bolt.

PROJECTS	ONBOARDING
INITIATIVES	OPERATIONS
TRAINING	PERFORMANCE MANAGEMENT
HOLIDAYS AND LEAVES	MISCELLANEOUS AREAS

Projects

These refer to the project deliverable requests from our stakeholders.

#	TASK/EVENT	DTE	HORIZON BOLT
1.	**Project work**	Business-specific client/engagement PRD WBS, or SVCS or Industry code	Project
2.	**Completing hygiene tasks for Workfront entries, organizing files, or conducting team debriefs related to a recently completed pursuit.**	As above	As above
3.	**Non-pursuit related but time spent on Function level/Pursuit Community of Practice (CoP) level initiatives, including contributing to a newsletter, preparing submissions for an ICE award, or contributing to our innovation portfolio.**	LPT-XXX for respective function 'Non-pursuit project codes'	Project: Create a project and add the LPT code in the description, assign the functional leader as the stakeholder
4.	**Project-related team meetings and discussions, like weekly deployment team meetings (only after discussion with your coach)**	Distribute the 0.5 hours across the specific FSS and industry, or across industries as applicable	Coach to create a project and allocate team members. Project > Create an entry for 'Weekly Pursuits call' with the functional leader as the Sponsor > Allocation work type 'Multiple project calls'

Copyright © 2024 Deloitte Development LLC. All rights reserved.

Is your time and expense related to a client-specific pursuit?

Yes

Use a client/engagement PRD WBS

	Type of Client PRD WBS (in priority order)	Description	Examples[3]
1	**Business-specific client/engagement PRD WBS[1]**	A WBS associated with a specific client and resides in a cost center in the FSS	GEN00993-01-01-01-1000 GE CONSULTING PRD GEN00994-01-01-01-1000 GE ADVISORY PRD GEN00995-01-01-01-1000 GE AUDIT PRD GEN00996-01-01-01-1000 GE TAX PRD
2	**SVCS-specific client/engagement PRD WBS**	A WBS associated with a specific client and resides in a cost center in the SVCS entity	GEN01003-01-01-01-1000 GENERAL ELECTRIC COMPANY SVCS PRD
3	**Pursuit Management Industry Sector WBS**	An LP WBS that resides in a Pursuit Management cost center in the SVCS entity	LPXINAU1-01-01-01-0002 A&A Consumer – Consumer Products
*	Deloitte Private[2]	An XYG WBS associated with each business	XYG30013-01-01-01-1000 (A&A) XYG30008-01-01-01-1000 (Advisory) XYG30010-01-01-01-1000 (Consulting) XYG30011-01-01-01-1000 (Tax)

[1]Effective in FY22, all pursuit-specific PRD time and expense related to a business-specific pursuit should be charged to the respective business client/engagement PRD WBS.

[2]There is no change for FY22 in how client PRD time and expense is charged for Deloitte Private companies – each FSS has a corresponding XYG WBS that should be used.

[3]Business-specific client/engagement PRD WBSs will generally have a designation (e.g., DC) for the business in which it resides, though this is not always the case. The same applies to SVCS-specific client/engagement PRD WBSs.

Copyright © 2024 Deloitte Development LLC. All rights reserved.

Contact a client pursuit team member and request the appropriate business-specific client/engagement PRD WBS for T&E

YES

Client pursuit team member provides business-specific client/engagement PRD WBS

NO

Identify a SVCS-specific client/engagement PRD WBS[1]

NO

YES

Use the provided business-specific client/engagement PRD WBS in DTE

YES

Use the SVCS-specific client/engagement PRD WBS identified in DTE

Use the Pursuit Management industry sector WBS that corresponds to the client's industry sector

Business-specific client/engagement PRD WBSs

- The client pursuit team always determines what client/engagement PRD WBS CMG pursuit professionals should use
- CMG pursuit professionals should not use a business-specific client/engagement PRD WBS without the explicit permission of a member of the client pursuit team or the Engagement Financial Analyst for the account
- To validate if a WBS is business-specific, see instructions outlined in CMG Pursuit Management T&E Guidance

SVCS-specific client/engagement PRD WBSs

- If the client pursuit team instructs CMG pursuits professionals not to use a business-specific client/engagement PRD WBS or does not provide any instruction after a request, then default to a SVCS-specific client/engagement PRD WBS

1. SVCS-specific client/engagement PRD WBSs can be found using DTE – see instructions outlined in CMG Pursuit Management T&E Guidance

Pursuit Management industry sector WBSs

- Pursuit Management industry sector WBSs should only be used as a last option – only when a business-specific client/engagement PRD WBS has not been made available or a SVCS-specific client/engagement PRD WBS cannot be identified

FAQs

What is the process for getting a WBS for my deliverable?

See the process flow chart above.

1. **If you are working on a Deloitte Private client, use the XYG code for the FSS:**
   - XYG30013-01-01-01-1000 (A&A)
   - XYG30008-01-01-01-1000 (Advisory)
   - XYG30010-01-01-01-1000 (Consulting)
   - XYG30011-01-01-01-1000 (Tax)

   a) XYG code for Deloitte Private is **ONLY to be used by DPPC team members.**

   b) If a pursuit needs end-to-end support, whether it is a public or private company, it will follow the DTE code guidance referenced above (Business/pursuit specific WBS > SVCS specific WBS > Industry specific WBS).

2. If a client engagement team member specifically asks you to use an industry client code or SVCS code instead, follow their guidance.

   a) In this scenario, first search for the services (SVCS) code: pages 13-17 of 'CMG Pursuit Management FY25 Time and Expense Guide'

   b) If the SVCS code doesn't exist, use the Industry code: pages 18-21 of Pursuit Management Time and Expense Guide'

3. If the client engagement team member wants you to split the hours between the code they provided and maybe the industry code, follow their guidance.

4. For your information, when you charge time to their PRD, there is NO cost transfer from a finance or P/L perspective. Only a theoretical cost is noted from a reporting/analysis perspective.

5. Internal stakeholder codes: pages 22-26 of 'CMG Pursuit Management FY25 Time and Expense Guide'

When can we use Non-pursuit-related codes?

The specific scenarios are explained on pages 22-26 of 'Pursuit Management Time and Expense Guide', and include time spent on work for the larger Audit, Advisory, Tax, or Consulting CoP, onboarding, etc.

If I have helped in a project and have not received the charge codes from the requestor, what do I do?

Use the appropriate industry code.

What code should I enter if the project is not for a specific pursuit, but a functional offering to be used in multiple industries?

Use Appendix (e): Available non-pursuit WBSs by business from the 'Pursuit Management Time and Expense Guide' and use the charge code for 'Content', for the respective function.

Can we charge review time to the project's charge code?

If the review was conducted as a part of (and before) the submission, it should be charged to the project's charge code. If the review was conducted post the project to provide feedback to someone, use CNS code on DTE and the equivalent coaching/mentoring Horizon Bolt entry of 'Performance management as Coach/TL'.

If the requestor isn't sure of the charge code and we don't know the industry, what code should be used on DTE?

If the project is for a pursuit, then it would be for a client, get the client's name (and thus the industry). See the first question on top, ideally the requestor should provide a WBS code. If the project is for a confidential opportunity, ask the requestor for the industry if the client name cannot be shared. If the project is not for a pursuit, use non-pursuit codes. In the end, follow the guidance given by the client engagement team member.

If I helped for very less time, should I add it to the appropriate charge code?

Time spent on a project must be recorded to the right charge code.

I received the project code late; can I go back and edit the DTE entry?

Yes, and you should ensure that DTE and Horizon Bolt have similar codes as defined. Historical edits should not be made beyond two months (Horizon Bolt FAQ).

Where do I charge meetings related to my projects?

On DTE, use the same charge code you're using for the project and on Horizon Bolt choose the work type 'Multiple project calls/Meetings.'

When multiple professionals work on a project, there's a possibility of multiple entries on Horizon Bolt. How should this be approached?

There should be only one entry for every project, but given the complexity, the recommendation is to have one project created for design by the designer, one for research by the researcher, and one by the PM for PMs/Specialists, and editor.

Can I book time in advance in DTE if I anticipate standard project hours for a period of time?

No, time cannot be charged on DTE beyond the current day, except for Absence codes.

Initiatives

These include CMG & BGS and PCoE level initiatives, or time spent in practice content development for the respective functions.

#	TASK/EVENT	DTE	HORIZON BOLT
1.	**ROW Initiative PCoE or CMG level**	PRD-XXX	Initiative code will be shared by ROW lead
2.	**Time spent on meetings, researching best practices for work related skills, building knowledgebase, creating reusables, etc.**	PRD-XXX	Initiative code for practice development (Coach to discuss with BAL and get this created/allocated)

FAQs

- **Who can create an initiative code on Horizon?**
  Please reach out to Rajat or RJ.
- **Are initiatives considered for utilization hours?**
  No
- **Where do I enter hours for adhoc or personal initiatives, that pertain to my personal goals?**
  For personal goals aimed for betterment of business or the larger team, discuss with your Coach and BAL if it can be created on Horizon Bolt as an official initiative. Some of these might also be carried out in collaboration with the respective RoW theme. If there is a direct business benefit, in some situations, these hours will be converted into project hours. For generic personal initiatives, charge the time to GAA.

Trainings

These include formal learning & development programs and time spent:

i. Participating as an instructor, course advisor, or participant in formal classroom training session
ii. Preparing as an instructor for formal classroom training sessions
iii. Attending authorized outside-sponsored seminars, classes or training programs
iv. Attending formal training sessions, participating in group, web-based, or virtual classroom sessions
v. Devoting time to self-study for professional development purposes (e.g., preparing for professional certifications such as CPA examinations, pre-work, or post-work assigned as part of a course or program, e-learning via the Deloitte Learning Center (DLC)

#	TASK/EVENT	DTE	HORIZON BOLT
1.	**Formal Learning & Development courses (DLC, Cura, LinkedIn, HarvardMentor, etc.)**	CED-XXX	Operations/L&D > L&D (if the training name doesn't come up while adding the first letter to 'Enter Title' field, raise a ticket on Ticketing Tool.
2.	**New hire—mandatory training (only)**	CED-XXX	Operations/L&D > L&D > 'Training name' or 'New Hire Training'

FAQs

- **I have spent xx hours on a platform not currently approved by Deloitte. How can I include this under training?**

  For such instances where a specific training was undertaken, discuss with your Coach on building a case for formalizing the training. This should include some evidence of completion, reasonable amount of time to complete, and business benefit, and submitted to the BAL (Vineet) for approval.

- **I have spent 8hrs in preparing (material creation, preparation) for a 1hr formal training for the team (approved for CED). Can I enter 8hrs of CED as a facilitator?**

  The broad guidance is for an x hours training, preparation time would be around 3x or 4x. Discuss with your Coach, and if the training program needed additional preparation, get a written approval. The actual hours can be added by creating a ticket on Ticketing Tool. The ticket should request for a 'XXX training-facilitator' to be added on Horizon Bolt (and the same can be charged as CED on DTE).

- **How do I enter hours in Horizon for courses that are not added on Horizon Bolt, for example, the one I took on LinkedIn Learning (and not in Horizon Bolt)?**

  If the course doesn't already exist in the CAIR Team portal (as per #1 above), raise a ticket on the Ticketing tool to get the course added.

Holidays and Leaves

#	TASK/EVENT	DTE	HORIZON BOLT
1.	**Holidays**	Absence > HOL	USI Holidays will automatically reflect on the Planner dashboard
2.	**PTO**	Absence > CLV/PLV/SLV as applicable	Flexibility > New Flexibility > Use the same leave category being used in DTE (CL/PL/SL as applicable)
3.	**Availing comp-off**	See the detailed FAQ response below	Flexibility > New Flexibility > Comp-off
4.	**Additional leaves**	Additional leave options	Flexibility > New Flexibility > Use the same leave category

FAQs

- **I have worked for 3 hours on a holiday. Will I get a Comp-off?**
  See the explanation on the first page.
- **I worked on an initiative and completed online training during a holiday, will I get comp-off?**
  No, please plan such that you work on holidays only for critical project work.
- **I worked on a project for 2 hours during the holiday, but don't need a comp-off for that.**
  Inform your Coach/TL so that the auto-generated Horizon Bolt request can be rejected.
- **I had to work for 8 hours on the weekend in support of a pursuit. Can I get a comp-off?**
  Comp-off is provided only in lieu of USI holidays. Please go through the Comp-off policy on this link.
- **How should I enter comp-off details on DTE?**
  Record this time in DTE under 'Absence-Holiday' and select reason '006 in lieu of working on holiday'. Also, in the comments section, add a comment giving the date of national or festival holiday for which the professional is availing this comp off to enable tracking and reporting to statutory authorities. For Horizon Bolt, see #3 above.
- **Can I combine comp-off with other leaves?**
  Yes, as long as it's within the 90-days timeline provided in the mail you get from talent.
- **Can I book absence hours in DTE in advance if I have planned leaves?**
  If you have approved planned leaves you can book it in advance in DTE in the 'Absence' code, including holidays.

Onboarding

#	TASK/EVENT	DTE	HORIZON BOLT
1.	**New hire—mandatory trainings (only)**	CED-XXX	Operations /L&D > L&D > 'training name' or 'New Hire Training'
2.	**New hire onboarding (up to 6 months)**	LPT-XXX for respective function 'Non-pursuit project codes' (pages 22-26 of 'CMG Pursuit Management FY25 Time and Expense Guide')	Project: Create a project and add LPT code in the description, this is a billable code to the function for a maximum of 6 months
3	**New hire—all other activities/meetings**	Same guidance as 'Other activities' below	Same guidance as 'Other activities' below

FAQs

- **Can I use only the LPT-XXX code for the first 6 months when not undergoing formal CED training?**

  As soon as you start working on live projects, charge your time to the industry/client as discussed above. The time spent in team meetings, team activities, AHMs, etc. should be charged to the respective codes as explained. Only the time spent on getting onboarded, shadowing, reverse shadowing, etc. should be charged to LPT-XXX project.

- **I moved to another group within Pursuits, would any training be considered onboarding?**

  Training necessary to orient you with the new team will be considered as onboarding.

- **I am involved in a new project/deliverable. Would any training hours pertaining to that fall under onboarding?**

  Onboarding is considered for new roles/new hires. If it's a new project/deliverable, any training hours will go under CED (as defined earlier) or will be charged to the project code.

- **I am providing coaching/training to a new hire as part of onboarding activities, as a buddy/POC for an area. How should this time be recorded?**

  This should be marked under Operations/L&D > Other (Firm/Team Activities) on Horizon Bolt and GAA under DTE.

- **I don't have my laptop yet. What charge codes should I use in DTE and Horizon?**

  Refer to scenario 7 in the 'Miscellaneous areas' section.

Copyright © 2024 Deloitte Development LLC. All rights reserved.

Operations

This includes time spent on general administrative activities, reporting, time entry, and other operational tasks.

#	TASK/EVENT	DTE	HORIZON BOLT
1.	**General administrative work, operational tasks**	GAA-XXX	Operations/L&D > Operational Task

FAQs

- **What activities are covered under 'operational tasks'?**

  Administrative activities not directly related to or chargeable to a client or specifically chargeable to other internal charge codes. Examples where you may need to use GAA are: entering time on DTE or Horizon Bolt, process compliance, filling in check-in or coach conversation details on Enhance tool, etc.

- **Can anyone charge time under GAA and is there a limit?**

  Yes, any professional can use this code, and while there is no limit, your time every day should be charged to the right project activity, including ORT (see below under 'Miscellaneous areas') on DTE and 'unassigned' on Horizon Bolt if no activity was done.

Copyright © 2024 Deloitte Development LLC. All rights reserved.

Performance Management

This includes performance counselling, coaching and check-in discussion, mentoring discussions.

#	TASK/EVENT	DTE	HORIZON BOLT
1.	**Coach/TL Check-in discussions**	CNS-XXX Counselling code, for respective function 'Non-pursuit project codes' (see DTE guidance link above)	Operations/L&D > Check-in as a team member
2.	**Discussion as a Coach**	CNS-XXX Counselling code, for respective function 'Non-pursuit project codes' (see DTE guidance link above)	Operations/L&D > Performance Management as Coach/TL3
3.	**Preparation and discussion during Talent Reviews**	CNS-XXX Counselling code, for respective function 'Non-pursuit project codes' (see DTE guidance link above)	Operations/L&D > Due diligence and Talent Review as Coach/TL

FAQs

- **Should both the Coach/TL and the team member add time for coaching on the same day?**

  Yes, whenever a coach/TL check-in conversation happens, the same needs to be recorded by both the coach/team lead and the team member—same day and same duration (hence, reflecting the reality).

- **I am not a coach but involved in coaching/mentoring them. Can I use the CNS code?**

  Yes, in that instance, you will typically be performing the role of a team lead. However, when reviews/coaching is done directly for a project deliverable, it should be charged to the project. If the coaching/review was conducted post the project to provide feedback, use CNS code on DTE and the equivalent coaching/mentoring Horizon Bolt entry of 'Performance management as Coach/TL'. For all other scenarios, use Meetings/L&D > Other (Firm/Team activities) in Horizon Bolt and GAA on DTE.

- **As a team member, is there a provision to enter time for preparing Goals or completing the check-in conversation on Enhance Tool?**

  For these operational tasks, use Operations/L&D > Operational Tasks on Horizon Bolt and GAA on DTE.

Copyright © 2024 Deloitte Development LLC. All rights reserved.

Miscellaneous areas

This includes all team activities, firm activities, AHMs, etc. and guidance on other scenarios.

#	TASK/EVENT	DTE	HORIZON BOLT
1.	**AHMs CMG level, PCoE level, etc.**	GAA-XXX	Operations/L&D > Other (Firm/Team activities)
2.	**Team get together/offsite/outing**	GAA-XXX	Operations/L&D > Other (Firm/Team activities)
3.	**Attending CMG initiative talks, fun activities, team meetings, etc.**	GAA-XXX	Operations/L&D > Other (Firm/Team activities)
4.	**Recruitment/Interviews**	REC-XXX Recruitment code, for respective function 'Non-pursuit project codes' (see DTE guidance link above)	Operations/L&D > Recruitment
5.	**Travel for official work during a working day**	ORT-XXX	Operations/L&D > Unassigned time
6.	**No work assigned**	ORT-XXX	Operations/L&D > Unassigned time
7.	**Unable to work because of laptop issue, power cuts during WFH, etc.**	ORT-XXX	Operations/L&D > Unassigned time

FAQs

- **Do I need approval before charging time to ORT (and equivalent on Horizon)?**

  While an approval is not necessary, your Coach should be informed about bandwidth availability, or the situation leading to the use of ORT.
